ESTIMATE

Task 1.0	Rate	Qty	%	Amount
Removal of blow-in insulation in the attic. (Estimate is higher on this due to the small attic space that will be a challenge. IICRC certification requires all mold remediation companies to remove insulation when the growth is over 10sqft. This is a square footage calculation.)	\$3.75	1008	0%	\$3,780

Task 2.0	Rate	Qty	%	Amount
Treatment with anti-microbial solution (Estimate is higher on this due to the small attic space that will be a challenge. Treatment is performed with an anti-microbial solution that eliminates and prevents future growth. All treatment is warranted for 3yrs. unless Boise Mold Removal does not provide a warranty under the stipulations of the client not solving the underlying issue that caused the growth in the first place.)	\$1	4250	0%	\$4,250

Task 3.0	Rate	Qty	%	Amount
Blow-in insulation into attic (Estimate is higher on this due to the small attic space that will be a challenge. Attic insulation will be filled according to the current R-values in the area)	\$3.35	1008	0%	\$3,376.80

Task 4.0	Rate	Qty	%	Amount
Connect the bathroom fan correctly with a new roof vent and hose. (This is the bathroom fan that is disconnected at the moment in the attic. The vent will be installed from a licensed roofer.)	\$425	1	0%	\$425
